

OMNISHELTER is a well-known designer and manufacturer of Shelter, Cabinets and Mobile Communication Towers aimed at housing, protecting and keeping safely running, electric and electronic, telecommunication, control and power equipment in all kinds of environment and climates – from scorched deserts and wind-swept mountains to maximum-security areas, airports and hazardous industrial settings. Since year 1995 OMNISHELTER products have been sold and installed in more than 50 countries worldwide in many different sectors such as : Telecommunications, oil & Gas, Power, Aviation, Railway, Broadcasting and Energy Storage.

OMNISHELTER's equipped shelter is always a custom-made product, tailored to fit each single project specification, requirement and application, and to perform in each specific different environment and climate. The main products are:

- PASSIVE COOLING SHELTERS
- ACTIVE COOLING SHELTERS
- MOBILE STATIONS
- CLASSIFIED AREA SHELTERS
- OUTDOOR CABINETS
- UNDERGROUND SHELTERS
- ICAO SHELTER
- VISUAL CONTROL CABIN
- MODULAR SHELTERS & PREFABS
- SPECIAL APPLICATION SHELTERS
- ENERGY STORAGE CONTAINERS

OMNISHELTER designs, manufactures and tests all shelters in-house, together with their related electrical and climate control systems and accessories. OMNISHELTER is certified in accordance with ISO 9001, ISO 14001 and ISO 45001. OMNISHELTER offers wide range of additional services according to the customer's needs such as: Shelter Integration to support customers with the installation, wiring and testing of their equipment & fully assistance for packing, transport and site installation.
